Cryotop® Scoop

Engineered to simplify
your day

Quality Results
for life

CRYOTOP® SCOOP

Designed for simplicity, built for efficiency, the Cryotop® Scoop is your convenient alternative for blastocyst vitrification. It delivers exceptional cooling and warming rates – among the fastest in its category – and efficient design features that streamline workflows while maintaining specimen safety and consistency.

Benefits

- **Visual markings** for accurate orientation and handling.
- **U-shaped tip** enable precise loading in minimal volumes while protecting specimens.
- **Slim design** maximizes storage efficiency.
- **Available in 5 colors** for quick and easy specimen identification.
- **Boxes of 50**, in 5-unit pouches for enhanced control, security and traceability.

Type	Order Number	Code	Description	Quantity
